| | |
|-------------------|--|
| Appearance | Poultice, which pale blue to pale blue green adhesive material is spread on one side of non-woven fabric and is covered with a plastic film. |
| Dimension | Length: 13.3 to 14.7cm Width: 9.5 to 10.5cm |
| Weight | 21.1 to 23.1g |
| Adhesive Strength | Steel ball(No.4: 7.9mm in diameter, 2.0g in weight) stops more than 5 seconds on the adhesive surface. |

Ingredients

| Chemical Name | CAS No. | Proportion |
|-------------------------------------|------------|------------|
| Polyacrylic acid solution (20% w/w) | - | 10% |
| Disodium edetate | 139-33-3 | 0.08% |
| Tartaric acid | 87-69-4 | 0.2% |
| <i>l</i> -Menthol | 2216-51-5 | 0.6% |
| Ethanol | 64-17-5 | 0.5% |
| Methylparaben | 99-76-3 | 0.04% |
| Caster oil | - | 1% |
| Polysorbate 80 | 9005-65-6 | 0.1% |
| Food blue No.1 | 3844-45-9 | 0.0006% |
| Dihydroxyaluminium aminoacetate | 13682-92-3 | 0.7% |
| Sodium polyacrylate | 9003-04-7 | 5% |
| Sodium carboxymethylcellulose | 9000-11-7 | 5% |
| Glycerin | 56-81-5 | 20% |
| Purified Water | - | 57.4% |

HEALTH HAZARD INFORMATION

Health Effects

| Acute | |
|--------------|--|
| Swallowed | Unlikely route of exposure. Ingestion of small quantities is not likely to be toxic. |
| Eye | May cause eye irritation by direct patch contact with the eye. |
| Skin | No irritation known. May not be compatible with some skin types. |
| Inhaled | Unlikely route of exposure. |

| | |
|----------------|--|
| Chronic | Chronic or repeated exposure on skin may cause skin irritation or allergic reaction. |
|----------------|--|

| First Aid | |
|-------------------------|---|
| Swallowed | If large amounts are ingested, give two glasses of water and induce vomiting. Seek medical attention. |
| Eye | Wash with water. |
| Skin | No irritation. If allergic reaction or rash develops, discontinue use. |
| Inhaled | Unlikely route of entry. |
| First-Aid facilities | Eye wash plus normal washroom facilities nearby. |
| Advice to Doctor | Treat symptomatically. |

PRECAUTIONS FOR USE

| | |
|-----------------|-------------------------|
| Eye Protection | None under normal usage |
| Hand protection | None under normal usage |
| Ventilation | None under normal usage |
| Respiratory | None under normal usage |

SAFE HANDLING INFORMATION

| | |
|-----------------------|--|
| Storage and Transport | Store in a cool (25°C) dry place. Keep away from children. Not a Workplace Hazardous Substance, Dangerous Good or Scheduled Poison. |
|-----------------------|--|

| | |
|---------------------|--|
| Spills and Disposal | After usage, peel off from skin, place in a sealed, labelled container for disposal. Dispose of in accordance with local waste regulations. May be incinerated in an approved facility. |
|---------------------|--|

OTHER INFORMATION

| | |
|--------------------------|-----------------------------------|
| Stability | Stable at room temperature |
| Incompatibility | None currently known |
| Polymerization | Will not occur |
| Hazardous Decompositions | None |
| Environmental Issues | No environmental issues expected. |

This MSDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products. If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company. Our responsibility for products sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available on request.
