**PRODUCT NAME**

**AMADA PROTECTIVE CREAM  
WS16**

**PRODUCT USE**

Barrier cream for the prevention of skin irritations of hand and face. Protects against oil, grease and solvents.

**PRODUCT APPEARANCE**

Pink coloured viscous cream.

**CHEMICAL COMPOSITION & PROPERTIES**

Stearic Acid  
Lanoline  
Magnesium Stearate  
Hexacol Brown #20285  
Polyethylene Glycol  
Triethanolamine  
Sorbitol  
Methyl Hydroxy Benzoate  
Bentonite  
Poly Vinyl Acetate  
Boric Acid  
Kemult 60  
Perfume #IDS 9152

PH: 7.5 - 8.0

Specific gravity: 1.02 - 1.05

Soluble in water

**PACKAGING**

100gm tube, 400gm polyethylene tub,  
2kg tin.

**FIRE - EXPLOSION**

Non-flammable, will not produce vapours or Fumes.

---

**HEALTH HAZARD**

---

**ACUTE HEALTH EFFECTS**

**SWALLOWED:**

Considered and unlikely route of entry in Commercial/Industrial environments. The material is regarded as practically non-toxic if swallowed, but may be discomforting and

harmful if swallowed in quantity. Ingestion may result in nausea, abdominal irritation, pain and vomiting.

**EYE:** The liquid may produce eye discomfort causing smarting, pain and redness and is capable of causing temporary impaired vision.

**SKIN:** The material is non-irritating to the skin.

**INHALED:** Not normally a hazard due to non-volatile nature of product.

**CHRONIC HEALTH EFFECTS** Primary route of exposure is usually by skin contact with the material. Indicators are that short-term exposure to the material by all routes is not harmful.

### **FIRST AID TREATMENT**

**Skin Contact:** Low hazard. Not normally a risk due to Non-irritating nature of product. If unintended contact occurs remove contaminated clothing and wash skin thoroughly.

**Eye Contact:** Mild irritant; immediately hold the eye open and wash with fresh running water. Ensure irrigation under the eyelids by occasionally lifting the upper and lower lids. If pain persists or re-occurs seek medical attention.

**Inhalation:** Low Hazard. If fumes or combustion products are inhaled, remove patient to fresh air, lay them down and keep them warm and rested.

**Ingestion:** May upset stomach if ingested in large quantities. Drink milk or water to dilute stomach contents. If irritation or discomfort persists seek Medical advice.

**Handling:** No special precautions.

**ADVICE TO DOCTOR** Treat symptomatically

**TOXICITY AND IRRITATION** Not available. Refer to individual constituents.
